Pollock Pines School Gains

Enrollment Of 65 This Year Exceeds Last Year's Total By More Than Twenty

Pollock Pines school has an enrollment of 65 pupils this year, as compared with only 43 a year ago, according to Harry L. Reese, principal, who was in town Saturday to attend a meeting of the county school board.

Mr. Reese reports that the school is very comfortable in its new two-room building. Mrs. William Baumhoff is the second teacher.

Snow is "pretty well gone," he declared, and the school probably will need to continue in session until as late as June 5 to complete its required schedule, seven days having been lost during the winter owing to snow and otherwise bad weather.

The district's Parent-Teacher Association of which Mrs. Niebling is chairman is demonstrating an active interest in the school and is making a very definite contribution to the institution and to the children in its program this year, Mr. Reese declared.

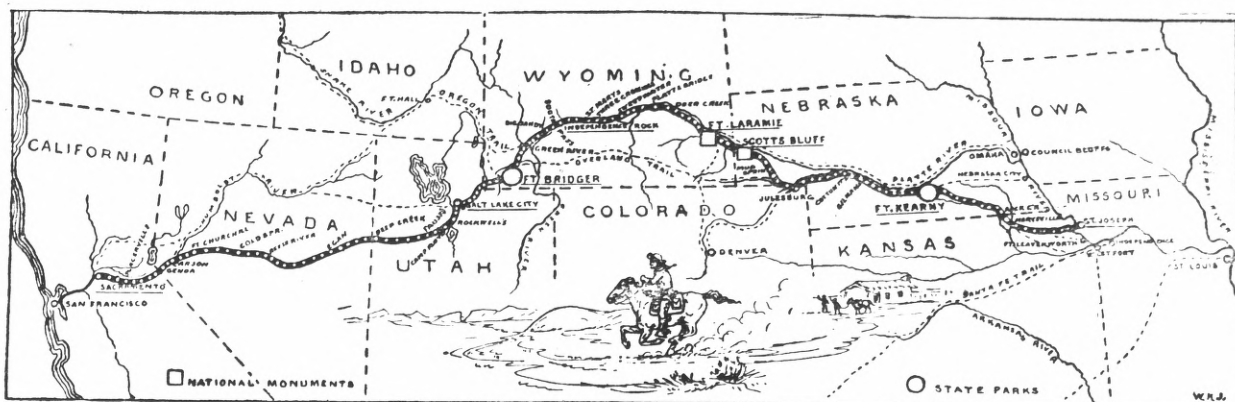

Father Of North Side Lady Succumbs

Coroner A. J. Orelli was summoned to the district above Balderson's Station, east of Georgetown, Saturday morning following the sudden death there of Karl D. Stinson, 61, who had been visiting his daughter and son-in-law, Mr. and Mrs. Joe Delwisch.

Mr. Stinson had been employed as an engineer on the River Lines, operating between Sacramento and Bay points, and was paying one of his occasional visits to his daughter and family. He arose this morning in apparent good spirits and collapsed while about to light the kitchen fire.

He had been treating with a Sacramento physician Mr. Orelli will make a formal investigation but feels that no inquest will be necessary. The body is in the care of Memory Chapel and arrangements for the funeral are pending.

R. W. Jones, formerly chief of detectives in Omaha, has bought the ranch of C. T. Bryan in the Texas Hill district and his son, H. W. Jones, was a caller in the county seat on Saturday.

THE PONY EXPRESS TRAIL from St. Joseph to Sacramento, followed this route in 1860. After railroads adopted other routes, the historic trail was forgotten and remained unmarked until in recent years when the Oregon Trail Memorial Association, with the co-operation of Boy Scouts and other interested bodies, has undertaken re-marking of the route. Sunday is the seventy-eighth anniversary of the beginning of the Pony Express service.

ASSAULT GUILT CONFESSED

Sentence Will Be Passed Tuesday; Defendant Faces Court Without Counsel

Sentence will be passed Tuesday morning at ten o'clock in the Superior Court on William MacArthur, 32, who today pleaded guilty to an indictment found by the Grand Jury on Thursday charging him in four counts with assault with a deadly weapon, a loaded 16-gauge shotgun.

MacArthur appeared for arraignment without counsel and upon being advised by Judge George H. Thompson as to his rights, informed the court he did not desire the advice of an attorney.

Under the statute, the defendant, by the nature of the crime of which he is convicted, is not eligible to probation.

Judge Thompson declared that before passing sentence he wishes to be thoroughly informed in the case. The court will review the case as presented to the Grand Jury and reported in the reporter's transcript, he said, and if the defendant has any information or any witnesses to produce whose testimony may shed further light upon the exact circumstances of the case, he should so notify the sheriff.

The court informed MacArthur that under the law he may be sentenced to state's prison for a term not exceeding ten years, or may be sentenced to the county jail for a term not to exceed one year, or may be fined as much as \$5,000, or may be sentenced to both fine and imprisonment.

MacArthur was taken into custody early last Sunday morning at Shingle by Highway Patrol Officers after he had engaged in a quarrel with two companions, one of whom he beat over the head with a shotgun after missing him with two shots, and after he subsequently forced Otto Weichold, Placerville baker, to drive himself (MacArthur) and a companion from Shingle to Diamond and return upon the pretense that he (MacArthur) was a deputy sheriff. During the drive, he kept the muzzle of the gun at the back of Weichold's skull.

TRIAL OF PAIR SET OVER

Jury Called For Highgrading Hearing April 6, Notified Of Change In Date For Case

The jury trial of Robert Fields and Mitchell D. Siderius, under various charges of grand theft arising out of the investigation of highgrading at the Black Oak mine, was set over from April 6 until April 20th at a hearing in Superior Court Saturday morning.

Judge George H. Thompson instructed the sheriff to notify the venire called for April 6 that they shall not appear on that date but will, instead, appear for possible jury service on April 20.

These developments following arraignment of the defendants upon the six county of the indictment found by the Grand Jury on Thursday, to which they pleaded not guilty.

The preparations for the jury trial had been made following their denial of guilt of charges contained in an earlier indictment.

By stipulation of all parties, Attorney Wallace Shepard, for the defense, and District Attorney Henry S. Lyon, it was agreed that for the purposes of trial all charges will be consolidated.

The defendants were remanded to the custody of the sheriff in lieu of bail set at \$3,000 on the most recent charges and Attorney Shepard indicated he would endeavor to arrange bail for his clients during the day.

Reception On Wednesday For Newlyweds

Mrs. Fannie M. Keller will be hostess at her home on Pacific Hill on Wednesday evening at a reception in honor of Mr. and Mrs. John E. Keller, Jr., whose surprise marriage at Reno on Thursday upset plans for a formal wedding in June.

The bride was Miss Eloise Helen Todd, of this city, and the couple was accompanied to Reno by Mr. and Mrs. John Quarles, who attended them in a wedding service before the Rev. A. Brewster Adams.

Following a trip to Pyramid Lake, the couple returned to Placerville and deferred plans for an extended wedding trip to the northwest until a later date.

At some later date, Mrs. Keller plans a formal dinner for the families of the principals, and the occasion will be scheduled definitely upon the arrival of the bride's father, who resides at San Diego.

3-DAY EVENT AT CLUBHOUSE

Consumers Clinic Featured By Jane Barton In Exposition Of 1938 Model Homemaking

Jane Barton's Homcraft Institute, featuring the Consumers Clinic, will be held under the joint auspices of The Placerville Republican and the Pacific Rural Press on Wednesday, Thursday and Friday, April 20-21-22.

Jane Barton's Homcraft Institute, which, in the last few years, has brought to several hundred thousand California homemakers the latest and most-up-to-date information in the field of household economics, is to be held in Shakespear Clubhouse April 20-21-22. Mrs. Barton, most popular home economist in the west, is going to bring the 1938 methods of homemaking straight from the eastern centers to homemakers in this vicinity. Every one of her three informal sessions will be absolutely free to everyone.

With prices on the up grade and more and more demands on the family income, Mrs. Barton believes that it is still possible to live well and enjoy a comfortable standard of living by making every dollar go further.

Home managers today are looking for products to fill their requirements. The Consumers Clinic will furnish them with simple tests that everyone can make to aid in determining value and quality. The Institute will also feature discussions of how to select supplies for the home and methods of using the products when bought in ways that will get the most out of them. Interest in the Homcraft Institute's refreshingly informal programs is not limited to those who have well equipped homes. The subjects covered are equally helpful to the small income family and

With all events reported except the hop, skip and jump, El Dorado County's Cougars have 19 runs and Ione has 3 following a baseball game that resembled a track meet at M. P. Bennett, Jr., Memorial Park on Friday afternoon.

Maclin got a home run and a two-bagger, along with two singles in six trips to the plate and Ward hooked a home run and two singles in six times at bat.

Buhlert hit three for six, one of them a double, while Barrett had three singles in five times up and Schroth helped things along with a three bagger.

Ione wasn't entirely helpless at bat, and Scully got himself a double and a triple in three times up, while Hawkins and Di Grazzi each hit two baggers.

The Cougars meet Sutter Creek on the home lot Wednesday and play Auburn high school here Friday in a non-league game and go to Preston on Saturday for another non-league tilt. The short score in Friday's game:

The whist party, given for the benefit of our community hall Saturday night was a huge success in every way, thirty-seven tables being played. In spite of the rains, which it was feared would cause a small attendance, a crowd gathered which represented our neighboring towns for miles around.

Robert Johnson has leased some of his gravel land to two miners from Amador County who are preparing to do extensive work.

Rudolph Kunigk is busy making many improvements at the property he recently bought from Mrs. Mary Kramp. In the 60's and early 70's the place was the home of Mr. and Mrs. Robert Chalmers and the scene of much fine entertaining. Many interesting features of the old house still remain, as the old-timers built for permanency and charm that our modern bungalows will never attain.

George Luneman, with his uncle, George Kleopfer, assisting, have replaced the large sign which was blown down from the entrance gate to the Catholic church yard, and are making other good improvements. It is the first work done there, since, under the determined and loyal leadership of the late J. J. Bayne, some twelve years ago, a large sum of money was raised, the church put in fine condition, a new fence put up, and the grounds cleared off.

The Farm Bureau meeting last Thursday assembled with a good crowd and there were many visitors. Fred Wessels was present from Rescue Farm Bureau and M. E. Wright, chemistry teacher from the high school, and family were present from Placerville. Audience Applauds As Actor Dies Backstage

SANTA BARBARA (UP) — While the audience sat calmly, mistaking it for part of the plot, Actor Joseph Greenwald collapsed with a fatal heart attack during last night's performance of the play "Golden Boy."

Shouts of "curtain, curtain" from Greenwald's fellow actors brought the play to a quick end, and he died backstage a few minutes later while a pulmotor squad worked over him.

Thomas Courageous But Loses In Fifth

CHICAGO. (UP)—Heavyweight champion Joe Louis, the unsmiling executioner, laid away his fistic bombs today after a fifth round knockout of courageous Harry Thomas and began to dream of the distant June night when he hopes to avenge his crushing defeat by the only man who laughed at his prowess and made it stick—Max Schmeling.

Thomas, an awkward but rugged heavyweight from a Minnesota farm, had all the heart of a Schmeling but the boxing ability wasn't there.

CHRISTIAN SCIENCE SERVICE

First Church of Christ, Scientist, Placerville, Bedford Avenue at Union Street.

UNREALITY.
Services, 11 a. m. Sunday School 9:30 a. m. Wednesday evening, Testimonial Meeting 8 p. m.
The reading room at the church building is open Tuesday and Friday from 2 o'clock until 4 o'clock.

"The world passeth away, and the lust thereof; but he that doeth the will of God abideth for ever." These words from I John comprise the Golden Text to be used Sunday, April 3, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Unreality." Included among the Scriptural selections will be: "Ye shall do no unrighteousness in judgment; thou shalt not respect the person of the poor, nor honour the person of the mighty; but in righteousness shalt thou judge thy neighbor" (Lev. 19: 15).

The following passage from the Christian Science text book, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "Science reveals material man as never the real being. . . . Personality is not the individuality of man. A wicked man may have an attractive personality. . . . Man's spiritual individuality is never wrong. It is the likeness of man's Maker" (p. 491).

Pony Express Anniversary

(Continued from page one)

and Indian and outlaw raid—riders and ponies spent themselves day and night and kept half a million Americans west of the Rockies in touch with the East, until the wires of the first transcontinental telegraph linked the far east with the frontiers west. The Pony Express had then fulfilled its mission.

"Shortly after the Civil War the golden spike driven at Promontory Point in Utah completed the transcontinental railroad, greatest of mail carriers.

"The railroads did not follow the old trails. Hence, when land grants were made by the government in later years, many a deep-rutted covered wagon and pony trail was plowed under some vast wheat field, or some river ford, miles away, caused the old routes to be abandoned and neglected.

"In the latter days of the last century, as the older generation was passing, cities and villages grown populous and secure, began to be awakened to an appreciation of the part their founders had played in emigrant days, when the missionaries and trappers, gold-seekers, soldiers and the pony express riders were forging a mighty civilization out of the primeval wilderness.

"So much for a general review. But every town and hamlet along the old Pony Express Trail has its vibrant story of pioneer beginnings. Through old letters and documents, pictures and inscriptions on buffalo skulls and the ever inspiring inscriptions in churchyards, have come to us the records of an era unmatched in the world for examples of courage and character."

In announcing the commemorative program of the Oregon Trail Memorial Association for this summer, Dr. Driggs gave the important dates and some details of observance already arranged for:

(1) April 3—Pony Express Day—Official opening day of the national campaign through radio broadcasts and other programs, news and magazine releases.

(2) May 30—Memorial Day—Pilgrimages by Boy Scouts to known graves of Pony Express riders.

rural homemaker. Everyone is expected to take part in the meetings—to ask questions and to come up on the stage after the program to see Mrs. Barton work at close quarters and to discuss their problems with her.

The Homecraft Institute this fall brings many novel hints in unusual fields. There will be a demonstration of window curtaining and a discussion of methods of solving drapery and curtaining problems in the kitchen, bedroom, living room, dining room and bath. Unusual and inexpensive materials will be suggested by Mrs. Barton. The Homecraft Institute is a community project in more than 50 California cities. Public organizations are invited to participate and put on exhibitions of their work.

Souvenir folders containing the recipes and hints presented by Mrs. Barton during the program will be distributed during the Homecraft session every day. These folders are so arranged that the material on them can be quickly transferred to recipe cards or notes and notebooks.

In reply to the thousands of requests that have come from this vicinity, Mrs. Barton will present as a special feature of the Consumers Clinic ways in which the homemaker can save time on wash day. The problems involved in washing special types of clothing will be discussed.
